OVERVIEW OF THE PARIKSHA PORTAL APPLICATION

Pariksha Portal is a Comprehensive Web and Mobile Application designed to enabling students from **Class 1st to 12th** to effectively prepare for **159 Exams**, including Government Exams, Private Exams, Olympiad Exams, and Competitive Exams. This application is intended for students from various boards and mediums, including **CBSE, ICSE, English Medium, and Marathi Medium**, making it a universal solution for students across educational streams.

In our country, more than 150 competitive examinations are conducted across different mediums for students from Class 1 to Class 12. Since each grade has about 10 to 20 different exams, it is practically impossible to prepare for all of them directly in school. As a satisfactory solution to this problem, Pariksha Portal is product launched by Scalezen Technologies Private Limited in December 2024. It is available on **Android, IOS and Windows**.

Through this app, students from Class 1 to Class 12 are provided with **class-wise** and **exam-wise live** and **Recorded Lectures, Student Notes, Study Materials, and Practice Papers**. The app can be accessed both on mobile phones and computers, which helps students save time, plan their studies in an organized manner, and maintain consistent preparation. Schools can also ensure daily exam preparation for students through this app, while students themselves can strengthen their studies independently.

Pariksha Portal is empowering students, educators, and institutions with seamless exam preparation and management tools. Pariksha Portal is Your gateway to academic excellence. The portal not only enables students to appear for exams but also allows teachers and schools to schedule and manage exams efficiently. The primary purpose of the Exam Portal Overview is to give students, parents, teachers, and institute owners a clear understanding of the application's features and its benefits.

OBJECTIVE OF THE PARIKSHA PORTAL

The Pariksha Portal will serve as a gateway for:

1. Students – To explore and understand how they can access exams, study material, recorded and live videos.
2. Parents – To evaluate portal's value in supporting their child's academic journey.
3. Teachers – To learn about tools available for creating and managing exams.
4. Institute Owners – To recognize how the application can streamline academic assessments.

आदिक पब्लिक स्कूल व ज्युनिअर कॉलेजमध्ये परीक्षा पोर्टल ऑप सुरु

टाकळीभान : रामराव आदिक पब्लिक स्कूल व ज्युनिअर कॉलेजमध्ये परीक्षा पोर्टल ऑप: अभ्यास, सराव व यश, या डिजिटल उपक्रमाचा प्रारंभ प्राचार्य प्रसाद मुंडलिक, शैक्षणिक समन्वयक अविनाश वाघ, फ्लॅटेशन समन्वयक प्रतिभा आढाव तसेच सर्व शिक्षकांच्या उपस्थितीत नुकताच मोठ्या उत्साहात करण्यात आला.

या ऑपमध्ये इयत्ता १ ली पासून १२ वीपर्यंतच्या सर्व विद्यार्थ्यांसाठी वर्गनिहाय व परीक्षानिहाय लाईव्ह व रेकॉर्डेड लेक्चर्स, विद्यार्थी नोट्स, अध्ययनसामग्री व सराव प्रश्नपत्रिका उपलब्ध करून देण्यात आल्या आहेत. मोबाईल व संगणक या दोन्ही माध्यमांनुसार विद्यार्थी या ऑपचा वापर करू शकतात. त्यामुळे वेळेची बचत, अभ्यासाचे व्यवस्थित नियोजन व सातत्यपूर्ण तयारी शक्य होते. संस्थेचे कार्यकारी विरवरत अविनाश आदिक यांनी नेहमीच शैक्षणिक प्रगतीसाठी विविध नवनीत उपक्रम राबवले आहे. यामध्ये सुपर फाउंडेशन वर्ग, स्पर्धा परीक्षा वर्ग आणि आता परीक्षा पोर्टल ऑपचा समावेश झाला आहे. या अभिनव उपक्रमाचे कार्यकारी विरवरत अविनाश आदिक व विरवरत अनुषाधा आदिक यांनी स्वागत करून सर्व विद्यार्थ्यांना शैक्षणिक क्षेत्रात उज्ज्वल परास्तीच्या सविच्छा दिल्या.

यावेळी इयत्ता ५ वी व ८ वीच्या विद्यार्थ्यांनी शाळेच्या संगणक लॅब मध्ये परीक्षा पोर्टल ऑपचा मदतीने स्पर्धा परीक्षेचे प्रश्न सोडवले. परीक्षा पोर्टल ऑप हे विद्यार्थ्यांसाठी खास तयार केलेले आधुनिक डिजिटल व्यासपीठ असून याच्या माध्यमातून विद्यार्थी शालेय अभ्यासक्रमासोबत विविध स्पर्धा परीक्षांची तयारी प्रभावीपणे करू शकतात. आपल्या देशामध्ये इयत्ता १ ली ते १२ वीपर्यंत विविध माध्यमांच्या सुमारे १५० हून अधिक स्पर्धा परीक्षा आयोजित केल्या जातात. प्रत्येक इयत्तेनुसार १० ते २० विविध परीक्षा असल्याने सर्व परीक्षांची तयारी प्रत्यक्ष शाळेत घेणे प्रॅक्टिकली शक्य नसते. या समस्येवर समाधानकारक तोडगा म्हणून स्कॅलब्रेन टेक्नॉलॉजीचे संचालक मधुर टोकरेकर यांनी परीक्षा पोर्टल ऑप विकसित केले आहे.
